# 3 of DEMANDS LAKESIDE WRITERS

## DEMAND #1

AI should not be able to replace writers

## REASON #1

People want quality products, but producers want a big quantity of products. Letting writers use AI would solve both of those issues, and the writers would be payed still

## REASON #2

46% of jobs are in danger of being automated. Saving one jobs means more work in the future, meaning a better economy

## REASON #3

Why use AI? Right now it's horrible at anything creative and needs a lot more tweaks to its code
